

Details of Ph.D students enrolled with date of enrolment, topics, and Supervisor
(updated on 28.06.2021)

A. Department of Pharmaceutical Chemistry

Sr. No.	Name of the student	Research Guide	Thesis title	Date of Registration	Status
1	Bulbule Mrunal	Dr. Vaishali Shirsat	Efficacy and Metabolism Based Drug Interaction Potential Studies of Natural Chemical Entity Active Against Resistant Urinary Tract Infection	19.12.2018	Ongoing
2	Kulkarni Aditya	Prof. Krishnapriya Mohanraj	Application of Integrated Analytical Strategies for Qualitative and Quantitative Pharmaceutical Analysis and Bioanalysis	23.05.2019	Ongoing
3	Gupta Chandan	Dr. Premlata Ambre	Synthesis, Characterization and Evaluation of Biodegradable Polymeric Drug Conjugate for Potential Pharmaceutical Application	23.05.2019	Ongoing
4	Desale Deepali	Dr. Krishna Iyer	Studies on the Potential of Plant Derived Enzymes as Mimics of Mammalian Drug Metabolism	19.12.2018	Ongoing
5	Gomatam Anish	Prof. Evans Coutinho	In silico Modelling for Prediction of Small Molecule Permeability Across Biological Membranes	20.10.2018	Ongoing
6	Pathak Pranav	Prof. Krishnapriya Mohanraj	Investigation and Evaluation of Select Chiral Separation Techniques	21.01.2017	Ongoing
7	Afreen Ashraf Khan	Prof. Evans Coutinho	Machine learning techniques applied to identify new antitubercular drugs	Awaited	Ongoing
8	Kavita Raikuvar	Dr. Krishna Iyer	Studies on sweetening agents as potential modulators of mammalian drug metabolism	29.02.2020	Ongoing
9	Sneha Balu Govind	Dr. Vaishali Shirsat	Studies on preparation and evaluation of co-crystals of aryl acetic acid analogs and anthranolic acid analogs used as NSAIDs	Awaited	Ongoing
10	Girish Gurbani	Dr. Krishna Iyer	Studies in the preparation and Characterization of microsomes using different monovalent, divalent and trivalent cations.	25.05.2021	Ongoing
11	Apoorva Ugarkar	Dr. E. C. Coutinho	Understanding The Thermodynamics of Host- Guest Systems by Computational Methods	29.06.2015	Completed
12	Paneyyar Joginder Singh	Dr. Premlata Ambre	Synthesis and characterisation of smart nano assemblies for pharmaceutical application	18.11.2016	Completed
13	Belubbi Anirudh	Prof. Evans Coutinho	Targeting RNA Polymerase in a quest to discover Novel Antimicrobial Agents	26.03.2014	Completed

B. Department of Pharmaceutics

Sr. No.	Name	Research Guide	Thesis title	Date of Registration	Status
1	Naik Isha	Dr. Ujwala Shinde	Development of Targeted Inhalation Systems for Improved Therapy of Tuberculosis	20.10.2018	Ongoing
2	Warrier Deepa	Dr. Ujwala Shinde	Investigations of Hepatocyte Targeted Smart Nanocarrier Systems in Treatment of Malaria	20.10.2018	Ongoing
3	Sontakke Pankaj	Dr. Ujwala Shinde	Studies in Biorelevant Dissolution Methods for Oral Delivery Systems	31.12.2018	Ongoing
4	Savla Hemali	Dr. Ujwala Shinde	Macrophage Receptor Targeted Delivery Systems For Tuberculosis as a Strategy for Improved Immunization and Treatment	20.10.2018	Ongoing
5	Belubbi Tejashree	Dr. Mala Menon	Design and Evaluation of Nanosystems for Drugs With Limited Bioavailability	21.01.2017	Ongoing

C. Department of Pharmacology and Toxicology

Sr. No.	Name	Research Guide	Thesis title	Date of Registration	Status
1	Dongre Prashant	Dr. (Mrs.) A. R. Majumdar	Preclinical Pharmacological Investigations on Chandraprabha Vati in Metabolic Syndrome	31.12.2018	Ongoing
2	Godhia Suchitra	Dr. M. N. Saraf	Studies on potential drug-drug interaction	09.12.2016	Ongoing
3	Jhonsa Dimple	Dr. M. N. Saraf	Studies on modelling Parkinson's disease	18.11.2016	Ongoing
4	Rini Varghese	Dr. Anuradha Majumdar	Precilincal Investigations on Nephrotic Syndrome in Rodents	29.02.2020	Ongoing
5	Shivangi Patel	Dr. Anuradha Majumdar	Precilincal Pharmacological Studies on Diabetic Neuropathy	14.09.2020	Ongoing
6	Karan Devasani	Dr. Anuradha Majumdar	Preclinical Pharmacological Investigations on Metabolic Syndrome	21.01.2017	Completed
7	Varsha Vaze	Dr. Anuradha Majumdar	Pharmacovigilance of medicines used in women	27.06.2017	Ongoing

D. Department of Pharmacognosy & Phytochemistry

Sr. No.	Name	Research Guide	Thesis title	Date of Registration	Status
1	Momin Misbah	Dr. Alka Mukne	Evaluation and Development of Select Indigenous Herbs	21.01.2017	Thesis submitted
2	Swapna Nair	Dr. Alka Mukne	Development of select organosulphur compounds of natural origin as effective medicines	18.11.2016	Completed

Admission year : 2020-2021

Department of Pharmaceutical Chemistry

Sr. No.	Name	Research Guide	Thesis title	Date of Registration	Status
1	Mr. Avinash Bhavarlal Barchha	Prof. Krishnapriya Mohanraj	New Admission	New	New
2	Mr. Ranjit Nagnath Ingle	Prof. Krishnapriya Mohanraj	New Admission	New	New
3	Ms. Safala Sunil Malvankar	Dr. Vaishali Shirsat	New Admission	New	New
4	Ms. Sangeeta Vishnu Mirgal	Prof. Krishnapriya Mohanraj	New Admission	New	New
5	Ms. Swarnali Sandip Manick	Dr. Vaishali Shirsat	New Admission	New	New

Department of Pharmaceutics

Sr. No.	Name	Research Guide	Thesis title	Date of Registration	Status
1	Ms. Harshali Bhanudas Dhaygude	Dr. (Mrs) U.A. Shinde	New Admission	New	New
2	Mr. Saurabh Dilip Katawale	Dr. (Mrs) U.A. Shinde	New Admission	New	New

Department of Pharmacology and Toxicology

Sr. No.	Name	Research Guide	Thesis title	Date of Registration	Status
1	Ms. Mayuri Akshay Padhye	Dr. (Mrs) A.S. Majumdar	New Admission	New	New
